

## McNary High School Bond Construction Update!

May 2020

Construction season is gearing up in Salem Keizer School District. Many schools are currently under construction, including McNary, and a total of 20 schools are expected to be under construction within the next couple of months. Just over \$54.2 million is being invested in expansions and improvements at McNary, thanks to the bond that voters passed in 2018.

While schools are currently closed and many businesses are in different stages of reopening because of the coronavirus pandemic, the governor’s “Stay Home, Save Lives” order allows construction businesses to operate provided they implement social distancing policies. Our construction contractors are fully informed about the requirements of social distancing.

Highlights of the work happening at McNary include 14 new classrooms, one new science lab, expanded Career and Technical Education program spaces for automobile, culinary, digital media and residential construction, additional special education classrooms, expanded parking and much more. The improvements for our school will be amazing!

Construction began in 2019 and is expected to be completed early in the fall of 2020. Our campus is closed to visitors – Please do not enter fenced areas and obey all posted signs.

Campuses will remain closed, and the schedule for staffing the school office will vary during the summer. Please contact McNary’s office at 503-399-3233 for information about summer office hours.

Thank you for supporting the 2018 bond that is funding the improvements at McNary to help relieve overcrowding, expand learning opportunities for science and CTE and better support students as they prepare for graduation.

The list of work planned, a photo gallery and other information about McNary’s bond project can be found on the [district website](#). More information about bond-funded construction in Salem-Keizer Public Schools can be found at [www.salemkeizer.org/projects-status](http://www.salemkeizer.org/projects-status).
