

# Logging into Zoom/Kuingia kwenye Zoom

Salem-Keizer Public Schools is using Zoom meetings for many of its classes during Comprehensive Distance Learning. In order to participate in Zoom classes, students must log into their Zoom account before joining any Zoom meeting hosted by Salem-Keizer Public Schools. How you login depends on the device you are using. Choose your device below and follow the instructions to log in to Zoom before joining an SKPS Zoom meeting. Students must use their SKPS user account: [studentnumber]@salemkeizer.org and password to login to their Zoom account.

Shule za umma Salem-Keizer zinatumia Zoom kwa kufundishia darasani katika kipindi hichi cha kusoma kwenye mtandao. Ili uweze kushiriki darasani, mwanafunzi atatakiwa kuingia kwenye akaunti yake ya Zoom kabla ya kujiunga na mkutano wa Zoom ambao mwenyeji wake ni shule za Salem-Keizer. Jinsi ya kujiunga inategemea na kifaa unachotumia. Chagua kifaa hapo chini na kisha fuata maelekezo ya kuingia kwenye Zoom kabla ya kujiunga na mkutano wa Zoom kwa Salem Keizer. Mwanafunzi atatakiwa kutumia akaunti yake ya shule kungia mfano (namba ya mwanafunzi)@salemkeizer.org na neno la siri kuingia kwenye akaunti ya Zoom.

## What device are you using?/Unatumia kifaa gani?

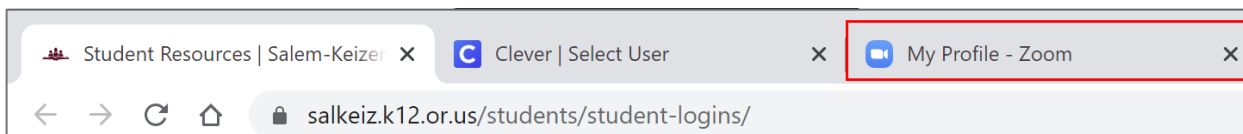

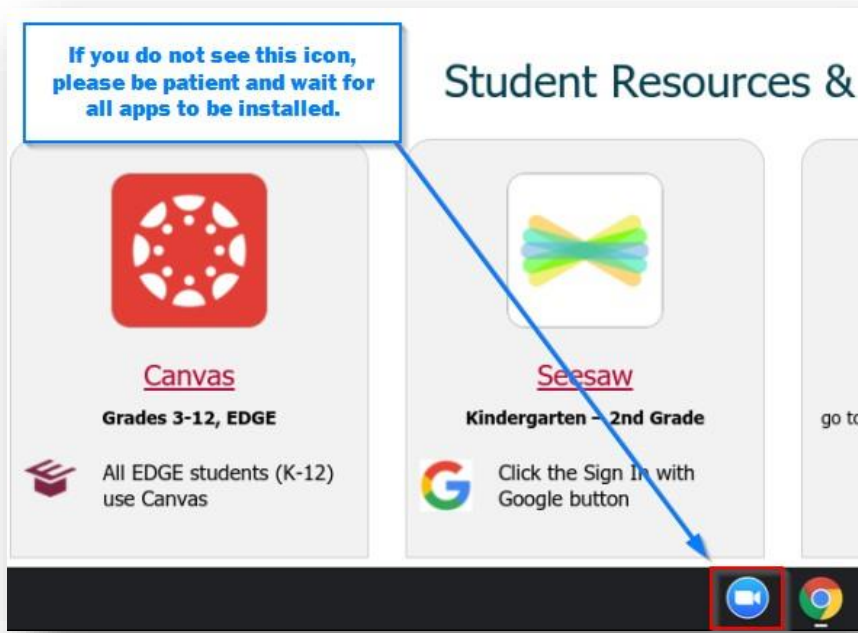

- [SKPS Chromebook/Kompyuta/chromebook ya shule](#)
- [Personal Chromebook/Kompyuta/chromebook binafsi](#)
- [Windows PC or Apple Mac OS/Kompyuta ya mezani au ndogo au kompyuta za Apple](#)
- [iPad, iPhone or Android device /Vifaa vya ipadi, iPhone au Android](#)

## SKPS Chromebook

SKPS Chromebooks will automatically log students into the Zoom app when launching meetings from Canvas, SeeSaw, or Gmail. When first logging into the Chromebook, please allow up to 3 minutes for all the apps to be installed and configured. If you do not see the Zoom app icon at the bottom of your Chromebook, the device is not ready. Once you see the blue Zoom icon shown below, you can start attending your classes in Zoom.

## SKPS Chromebook/Kompyuta

Kompyuta au chromebook za Salem Keizer zinamwigiza mwanafunzi kwenye Zoom mara anapozindia mkutano kutoka Canvasi, SeeSaw au Gmail. Unapoingia kwenye kompyuta(chromebook) yako ruhusu dakika 3 kwa programu iweze kusanikisha. Kama hutaona programu ya Zoom ikoni chini ya Chromebook, ujue kifaa hakiko tayari. Mara tu utakapoona Zoom bluu ikoni kwa chini, unaweza kuingia darasani kwenye Zoom.

**IMPORTANT NOTICE:** If you close the web browser tab that opens the Zoom website, it may give you an error that you are not authorized when clicking Zoom Meeting links. To fix this, sign off and back onto the Chromebook and do not close the browser or tabs that open automatically.

Alternatively, students can also launch the Zoom App and keep it open all day. You will need to sign in using Google the first time you open the Zoom App.

**IMPORTANT NOTICE:** If you use this alternative method and you close the Zoom App, it may give you an error that you are not authorized when clicking Zoom Meeting links. To fix this, open the Zoom App, ensure you are signed in and leave it open before clicking any Zoom meeting links.

You can watch a video of Logging into Zoom on Chromebooks using this method on our HomeCoach website.

<https://salkeiz.k12.or.us/homecoach/>

**TAARIFA MUHIMU:** Kama utafunga hiyo web browser (kivinjari) ambayo inafungua mtandao wa Zoom, inaweza kukupa makosa kama vile haijaidhinishwa pale utakapo bonyeza kiungo(link) cha mkutano wa Zoom. Kwa kufanya hivi fungua halafu uniingie tena kwenye Chromebook (kompyuta)

na siyo kufunga browser (kivinjari) au tab (tabu) ambayo inafunguka yenyewe.

Njia nyingine, mwanafunzi anaweza pia kuingia kwenye Zoom app na kuiacha wazi siku nzima.

Itakubidi kuingia Google kama ndiyo mara ya kwanza kufungua Zoom App.

TAARIFA MUHIMU: Kama unatumia hii kama njia mbadala halafu ukafunga Zoom App,

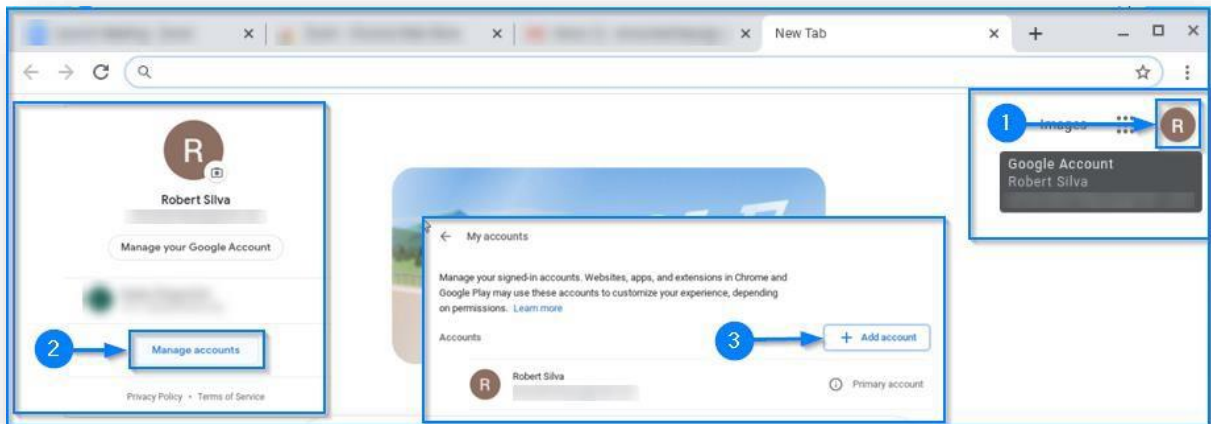

itakuonyesha/itakupa kosa kama hujaidhinishwa pale utakapo bonyeza mkutano wa Zoom.

Kurekebisha hii, fungua Zoom app na hakikisha unaingia halafu uiiache wazi kabla hauja bonyeza kiungo (link) cha mkutano wa zoom.

Unaweza kutazama kideo ya kuingia kwenye Zoom na Chromebook (komyuta) kupitia HomeCoach kwenye mtandao wa <https://salkeiz.k12.or.us/homecoach/>

## Personal Chromebook

If you use a personal Chromebook, we recommend that you log in to the Chromebook using your SKPS user account ([studentnumber]@salemkeizer.org). This is the easiest way to get logged into Zoom and will provide a similar experience to using a SKPS Chromebook. If you want to use your personal Google account, you must also add your SKPS user account to Chrome. Open the Chrome browser and select your profile or initials in the upper right as shown below in step 1. Click Manage accounts (step 2) and then + Add account in step 3.

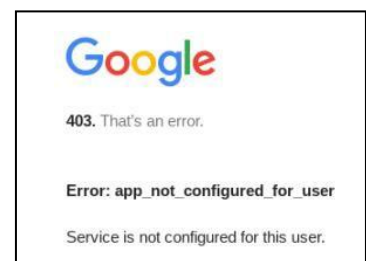

## Kompyuta binafsi au chromebook

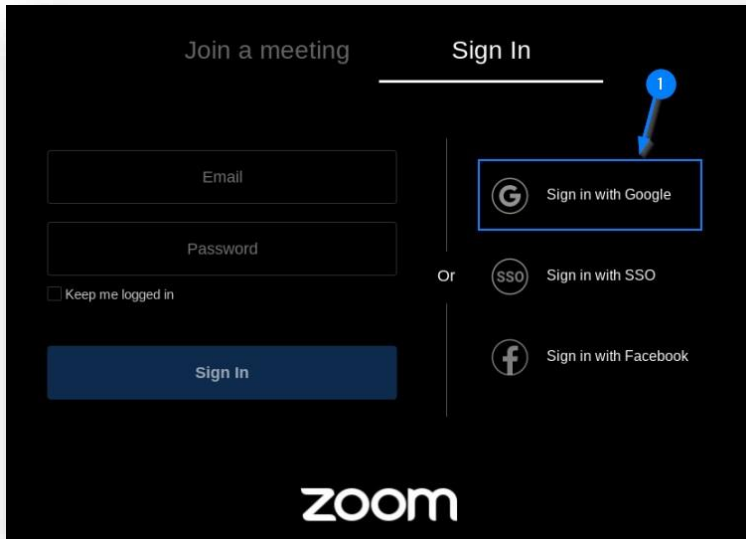

Kama unatumia kumpyuta binafsi, tunapendekeza uingie kwenye kompyuta kwa kutumia SKPS akaunti yako (namba ya mwanafunzi@salemkeizer.org). Hii ni njia rahisi kuingia kwenye Zoom na zitaleta matokeo sawa sawa na ukiingia kwa kutumia SKPS kompyuta. Na kama utapenda kutumia akaunti yako binafsi ya Google itabidi uiongeze kwenye akaunti ya mtumiaji wa SKPS kompyuta. Vinjari kwenye Chromu/Chrome na uchague maelezo mafupi upande wa juu wa kulia kama inavyoonyesha hapo juu namba 1. Halafu 2. Bonyeza mdhiti wa akaunti halafu 3. Ongeza akaunti ya mtumiaji.

Once you've added your account in Chrome, you can successfully log in to district applications and the Zoom app (picture on left). If you see the error shown below (picture on right), you have not properly logged into Chrome with an SKPS user account.

Mara utakapo ongeza akaunti yako kwenye Chrome sasa unaweza kuingia kama unatumia kompyuta za shule ambapo unaona programu ya Zoom picha kushoto. Na kama utaona kosa(error) picha hapa kulia ujue haujaingia vizuri kwenye chrome kwa kupitia mtumiaji wa SKPS

## Personal Chromebook

**Login Error if not  
signed into  
Google/Kuna  
tatizo kama  
hujaingia  
kwenye Google**

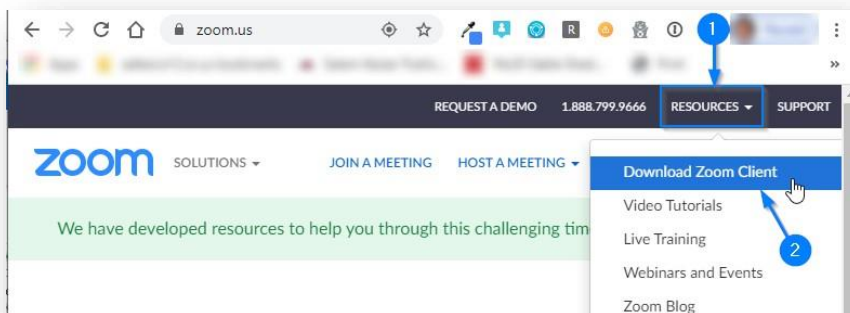

## Windows PC or Apple Mac OS

On a Windows PC or Apple Mac OS computer, you must install the Zoom application. Do not use the Microsoft Store or Apple App Store to purchase or download the Zoom app. You must download the Zoom client from the <https://zoom.us> website.

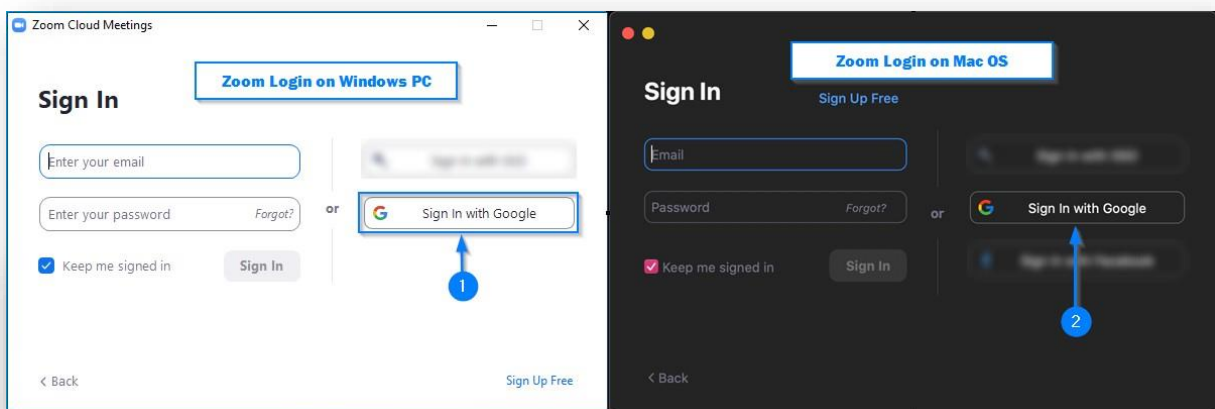

## Kompyuta ya mezani au ndogo au Apple kompyuta

Kwenye kompyuta ndogo au Apple itabidi kuweka programu ya Zoom. Usitumie duka la Microsoft au Apple store kununua au kupakua programu ya Zoom. Inatakiwa kupakua kutoka kwa Zoom wenyewe kupitia tovuti yao <https://zoom.us>

On the Zoom website, select Resources from the top menu bar and then Download Zoom Client. /Kwenye tuvuti ya Zoom chagua 1 – Rasimali (Resources) kutoka juu halafu upakue (Angalia picha hapa chini)

In the Download Center, click to **Download** the Zoom Client for Meetings. /Kwenye download kiboksi chagua download (kupakua) 2. Mteja wa mkutano na Zoom (Download Zoom Client) (Namba 2 hapo juu)

Once the Zoom client is installed, click the Sign in with Google button. Use your SKPS username ([studentnumber]@salemkeizer.org) and password to log into the Zoom client. / Mara mteja wa Zoom itakapowekwa bonyeza 1. Ingia kupitia Google kiboksi. Tumia akaunti yako ya SKPS . (namba ya [mwanafunzi@salemkeizer.org](mailto:mwanafunzi@salemkeizer.org)) na neno la siri kuingia kama mteja wa Zoom

## iPad, iPhone or Android device

Download the Zoom app from the App store on your device. Once the App is installed (iPad/iPhone shown), open the App and choose the Google sign-in option. Use your SKPS user account ([studentnumber]@salemkeizer.org) and password.

## Vifaa vya iPad, iPhone au Android

Pakua Zoom programu kutoka duka la app kwenye kifaa chako. Mara itakapowekwa (iPad, iPhone itaonyesha) kufungua hiyo app na uchague Google kuingia kama chaguo. Tumia SKPS akaunti yako (namba ya mwanafunzi@salemkeizer.org) na neno la siri
