#### **ALL STUDENTS BELONG**

#### Background/Discussion

This past July, an Oregon high school student sent a letter to Governor Kate Brown asking for help. In the letter, the student stressed the importance of banning the confederate flag in Oregon public schools. In the student's words,

Banning the Confederate flag is far more than just an act to please some people. It shows students and educators that the State of Oregon sees them in their struggles to be considered equal and aiding in the fight against racism...Right now is a great time for Oregon to be a leader for its own citizens and throughout the United States and install this overdue policy. (Unnamed Student)

This student's experience is not alone. In the last few years, ODE has received complaints or been made aware of multiple incidents involving hate symbols such as swastikas, confederate flags, and nooses. These incidents have disrupted education for students across Oregon, and they have disrupted education for students in SKPS.

At the instruction of Governor Brown, the Oregon Board of Education has enacted the *All Students Belong* temporary rule (OAR 581-022-2312), which prohibits hate symbols, including three of the most recognizable symbols of hate—the swastika, the confederate flag, and the noose. The temporary OAR took effect on September 18, 2020. In addition to immediately banning the noose, swastika, and confederate flag, the rule requires districts to adopt and implement policies and procedures by January 1, 2021, that prohibit the use or display of hate symbols, including but not limited to the hate symbols identified by rule in any program or school-sponsored activity except where used in teaching curriculum that is aligned with the Oregon State Standards. This applies to both in-person and distance learning environments. Districts will adopt policies and procedures for addressing incidents where these symbols are present, following guidance from the Oregon Department of Education and its partners. Staff members and administrators will do their best to respond to incidents by creating opportunities for education and conversation, and not respond to incidents using disciplinary strategies like suspensions, expulsions, or similar punitive measures unless essential to protect health and safety. #### **BOARD SELF-ASSESSMENT**

#### **Background/Discussion**

One of the board's 13 governing policies, BG-7: Governing Style, addresses board self-assessment, stating "The board will monitor its processes and performance on an annual basis." As the board has not conducted a self-evaluation in recent years, the board recently participated in a board self-assessment survey, facilitated by the Oregon School Boards Association (OSBA), as a step toward monitoring board progress and determining next steps in becoming a high-functioning board. This survey followed a recent four-hour board work session/training, also facilitated by OSBA, around board norms, role of the board, and the board-superintendent relationship.

The attached report is a compilation of individual board member survey results in five main areas: conduct and ethics, vision, structure, accountability, and advocacy and communications. The board will consider the following questions when studying the report:

- What do board members see?
- What are the themes in the results?
  - O Where are the strengths of the board?
  - O Where are the opportunities for growth?
- What do these themes mean?
- What will the board do?

The board will use these lines of inquiry to explore the highest priority areas of the report and will further reference the report in its ongoing development work.

# School Board Self-Evaluation Framework for Governance

#### Reviewing Your Detailed Report

The disaggregate data of each question's responses are displayed in horizontal bar charts color coded to show the percentage of time your board is engaged in each of the areas questioned and includes how many individuals responded in each time choice.

OSBA believes your school board will find it beneficial to drill down to the individual questions within each of the benchmarks for the five best-practice board roles/standards, and requests you read through this report thoroughly prior to your facilitator's arrival.

With the help of your OSBA facilitator the board will go through discussion in the following areas:

#### 1) What do you see?

Be prepared to describe what you see in the data and identify where it is located to the group. This is not about interpretation at this stage, only what you see.

#### 2) What does the data suggest?

The board will discuss what the data suggest and try to generate different interpretations. Please come prepared to ask clarifying questions of one another to increase clarity and understanding of one another's perspectives.

#### *3) Identify growth area(s) from the observations and interpretations.*

Identify growth area(s) from the observations and interpretations. The board will discuss which standard(s) to focus on for improvement and any benchmarks in particular that the board wishes to see increased.

- Standard 1 Conduct and Ethics
- Standard 2 Vision
- Standard 3 Structure
- Standard 4 Accountability
- o Standard 5 Advocacy and Communication

#### 4) Build a professional development plan for the board.

The board will discuss how it wishes to go about implementing its professional development by determining the level of commitment from the individual board members, how much time it is willing to devote to learning and who the board wishes to help guide the learning.

- o Identify available time for board-superintendent team learning
- Determine use of a learning facilitator (OSBA, in-district, consultant, other)
- $\circ$  Establish commitment from individual board members to participate in the professional development.

OSBA looks forward to serving your board and being the association dedicated to improving student success and education equity through advocacy, leadership and service to Oregon school boards.
