

Forecasting Presentation, Part 1

2020-2021 School Year

EQ 1: How can I access course offerings?

EQ 2: How do I understand my course history?

Agenda:

- Overview of courses
- Understanding your course history
- Begin forecasting sheet
- Take surveys if appropriate

“Would you tell me, please, which way I ought to go from here?”

'That depends a good deal on where you want to get to,' said the Cat.

'I don't much care where -' said Alice.

'Then it doesn't matter which way you go,' said the Cat.

'- so long as I get SOMEWHERE,' Alice added as an explanation.

Quick Write:

Do you think it is better to have a plan on where to go or not? Why or why not?

Choices, choices...and more choices?

Be prepared:

Forecasting sheets should be used to help input courses into Studentvue. The more complete and accurate the sheets are the easier it is for you!

Good luck and have fun! Remember, the classes you pick during forecasting will be the classes you take next year. Think through your choices and create a great year for yourself next year.
